## Miller Tells Plans for Our Civic Center

Willis J. Miller of the San Diego County Planning Department told the Kiwanis Wednesday noon of the extensive plans which the county has for the Lemon Grove Civic Center development.

The county will eventually construct a library building, justice court and sheriff's office here, he said.

The plans which he exhibited have been shown to many Lemon Grove people, and the department is sending representatives to appear before any group that desires to hear about them. Lemon Grove is very important in the planning of the Department as it is the largest unincorporated town in the county, Mr. Miller pointed out.

Highway 94 carries a great deal of traffic, and surveys are being made to make it a four lane highway. Lemon Grove is strategically located so that the county can take advantage of the Community Center site and adjacent area for the development of buildings for out of the city offices, and therefore the Planning Department is urging the state to allocate the money for the development of Highway 94. The Community Center project and the highway tie in together advantageously. In the future, Mr. Miller pointed out, the Department is doing some long range planning, and he urged the citizens of Lemon Grove to use their foresight and go along with the Department.

We can look back 20 years and wish that the people at that time had foreseen this unprecedented growth, he said. Likewise, the people 20 years from now will be saying the same thing about we who are here now.

He said the Department is looking forward to a population of 40,000 people here in 20 years. The Department is using the census tract in speaking of Lemon Grove today, which gives us a population of only 8,500. This tract does not cover the Lemon Grove School District, and it was pointed out to Mr. Miller by at least five different people that Lemon Grove's population today far exceeds that figure. Most of the estimates being 18,000.

Lemon Grove has been designated the key center of civilian defense for the metropolitan area. The new addition to the Community Center is to house the Civil Defense set up.

Miller showed plans for development of the entire seven acres between Golden and Central, Imperial and Lincoln, and also plans for the southern part of the tract. Complete development of the area under the plans presented up to the people of Lemon Grove, he said, though the county is going to use part of the land for the library, justice court and sheriff's offices when the time comes for the need of these buildings.

## Local Pupils Visit Tijuana Schools

Fourth grade classes of all Lemon Grove schools sent representatives to Mexico yesterday (Wednesday) to get firsthand information on modern education in the country which is our neighbor to the south. Committees, made up of three children from each fourth grade in the district, were selected and provided with a list of questions which the entire classes want answered.

The group met at the Golden Avenue School for a briefing before their trip to Tijuana, Mexico, where they spent a half day session at Sindicato Albo Roja, an elementary school in that city.

Committee members were surprised, despite the language barriers presented, at the exceptionally good manners and carefully written work of the Mexican school children. It was an entirely different picture from the one usually formed by visitors to the main street of the tourist town.

Next week a more complete report of their experiences in the school will be given by this paper, and it will include the names of those students from Lemon Grove who made the interesting visit.

They came in time for the Circle 8 dance in Spring Valley, of which Mr. Close is caller-instructor.

Mr. and Mrs. George Madison of Rosemead, Mr. and Mrs. Wm. Lamb of Los Angeles were house guests of Mr. and Mrs. Ernest Denlinger, 8240 Alton. Sunday morning this group and Mr. and Mrs. Gene Horstman of Ingle Park were breakfast guests of Mr. and Mrs. Virgil Cunningham of Spring Valley.

Friday evening Mr. and Mrs. Denlinger entertained about 24 guests at supper after the Circle 8 dance to honor their guests and those of Mr. and Mrs. Close.

Roy Close was master of ceremonies and one of the callers for the Fiesta dance on Saturday evening at the Balboa Club. He was also chairman of the Callers Session Saturday morning and one of committee in charge of the Fashion Show, Exhibitions and dances Saturday afternoon. The Recital Hall was also used for dancing as there were over 2000 taking part in the square dances. The affair closed with a Jam-boree in OceanSide Sunday afternoon and a dance, featuring guest callers in Ocean Beach Sunday evening.

## New Rules Affect Bus Passing

This fall new regulations were made concerning school buses. Motorists throughout the state of California will find that these new rules simplify traffic regulations on the highways. All school buses are now equipped with large red lights on the rear and front top. These lights flash on and off when the bus is stopped to permit children boarding or unloading to cross the street. The drivers of the school buses will not turn on these warning signals, which indicate that all traffic in both directions come to a complete stop and remain stopped until the lights go off, unless it is necessary for children to cross the highway in front of traffic.

When the flashing lights at the top of the bus are not lighted and the bus is stopped, then traffic passing the bus should slow down but proceed with caution. Drivers are all instructed to use the flashing lights only when necessary.

Lemon Grove has an excellent record regarding school traffic. The community can keep this good record by careful observance of all the safety rules and exercising extreme caution near crosswalks and school bus stops. These rules have been republished by request.

# SCANNING THE WEEK'S NEWS of Main Street and the World

## Churchill Wins British Election; Civilian Group Proposes UMT Plan

CHURCHILL—For the second time in his life Winston Churchill has become Prime Minister of Great Britain. As a result, many U.S. officials are predicting closer Anglo-American relations than existed under the Labor government of Clement Attlee.

Churchill's election, however, gains importance from the home towners point of view for a number of possible conflicts in Anglo-American relations that may result and not from possible closer ties. Britain's new Prime Minister has long wanted a meeting of top western leaders with Premier Stalin, but President Truman has opposed such a move ever since the Potsdam conference in 1945.

Churchill, who once said he did not become Prime Minister of Great Britain to see the empire dissolved, is expected to take a firm stand on the Suez and Sudan problem. In fact, he could defend the empire system with such tenacity that it could become a point of conflict between Washington and London.

On the other side of the ledger, Churchill is believed in full harmony with the U.S. policy in Europe—a strong joint defense, constantly increasing economic and political unity, the close association of Britain with the European continent as well as the United States and the Commonwealth.

**CHURCHILL**—The winner and new Prime Minister who said during World War II, "I did not become Prime Minister to liquidate the British empire."

Because today's military technology permits an enemy to strike directly at the United States by sea or air, "the American people must be prepared, like their forebears who pushed the frontier westward, to meet a savage and deadly attack at any moment."

The commission has this to say about world conditions and the future: "The clear prospect is that the present generation must live in danger for many years," and therefore should "learn to live with danger calmly and confidently."

Because today's military technology permits an enemy to strike directly at the United States by sea or air, "the American people must be prepared, like their forebears who pushed the frontier westward, to meet a savage and deadly attack at any moment."

**KOREA**—Peace talks are underway again in Korea and rumors circulate that this time they will not collapse. However, the man on Main Street still has the feeling that you can't do business with the Communists and expect little of the negotiations.

Politely, but firmly, United Nations representatives have told the Communists they refuse to swap hard-won ground for peace in Korea. The Reds insist on a buffer zone 15 miles wide along the 38th parallel.

The possibility remains that the Allies may make minor adjustments in the present battle line that would be acceptable to the Communists. An unusual note was sounded when Communist correspondents, who usually have little to say to UN correspondents, expressed optimism: "I feel certain a few miles are not going to hold up an agreement," one is reported to have said.

**POLITICS**—Frank E. McKinney, Indianapolis businessman, was scheduled for the job of Democratic national chairman, replacing William M. Boyle, Jr., who recently resigned while under fire by senate investigators.

McKinney reported he had "agreed to accept" the \$35,000-a-year job and would dispose of his interests in a pipeline company which is seeking a government certificate to get 100,000 tons of scarce steel. He will retain his radio and banking interests.

In his announcement that he had agreed to accept the job, McKinney said: "I'll state here and now that so long as I am national chairman, no company which I am affiliated with or interested in will ever enter the doors of a government bureau or agency seeking favors or considerations of any type or character."

**IRAN CRISIS**—Rumors persisted during recent days that an agreement in the British-Iranian oil dispute was near, with the United States playing an important part in the negotiations.

It was rumored the agreement would provide: (1) British marketing of Iranian oil, which would be purchased at an agreed wholesale rate and sold in consumer areas at prices sufficient to assure Britain of a reasonable profit; (2) Compensation for British properties already seized by Iranians; (3) An agreement to assure success of Iranian production, probably providing for a "neutral" manager under Iranian government control.

ATOMIC EXPLOSION

The typical column and mushroom of an atomic bomb explosion rises high above arid Nevada test site, some 65 miles northwest of Las Vegas, Nev. This shot was made from a point on Mt. Charleston 40 miles away.

**FARM ACCIDENTS**—The corn harvest is in full swing in the mid-west and the farm accident rate will climb accordingly. Last year in Nebraska, for instance, the cornpicker toll was two lives, 194 fingers, 18 hands, 10 arms, one leg, four toes and two feet.

The National Safety Council estimated that farm accident deaths are being recorded at the rate of 48 a day, or 17,520 a year; disabling injuries now total 1,500,000 a year. The economic loss caused by farm accidents is estimated at \$1 billion a year.

**BIGGER CROPS**—Although the government will not publish their production guides for 1952 until mid-December, agriculture experts predict the government will ask for higher crops. The big push will probably be for higher yields per acre, rather than greater acreage. The simple reason for the expected production increase is the upsurge in the number of people to feed and clothe. Since the 151 million U.S. nose-count of early 1950, census officials figure there's been a 4 million increase.

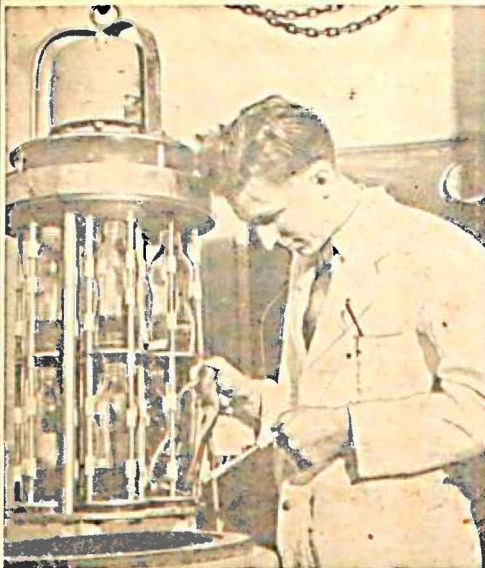

### CHEAPER PORK

## Record Hog Crop Indicates Cheap Pork

The greatest number of hogs to be marketed in seven years will flood livestock centers in the next few months and will result in a big drop in pork prices across the retail counter, producers report.

This year's pig crop of almost 106 million head is the largest for any year in "peace-time" and is second only to 1943's staggering record of 121 million.

The increasing number of animals going to market has already caused a considerable price slide. In July hogs were bringing \$22.95 a hundred pounds at the Chicago market. Last month the price was down to \$19.75. One official of a big packing firm predicts that prices may slide to \$17 or \$18 per hundred by the middle of November or early December.

**BRITISH SCIENTIST MISSING** . . . Dennis O'Connor (shown at work at the national institute for medical research) and J. G. Campbell were said by English security officers to have vanished abroad with their families. No security secrets are involved, however, in their disappearance. O'Connor was described by the Daily Mail as an avowed Communist. Their disappearance brings to mind the disappearance of the two British diplomats, Donald MacLean and Guy Burgess.

**MOSSADEGH AND LIBERTY BELL** . . . Iran's Premier Mohammed Mossadegh visits Philadelphia on the first leg of a trip to Washington which scheduled him to have lunch at the White House with President Truman. Mossadegh pauses a few moments to feel the Liberty Bell in Independence Hall. The subject of liberty is especially close to the Iranian premier right now as he fights to rid his country of British influence created by the interest of the British in Iranian oil.

**FIRST KOREAN WAR BRIDE ARRIVES** . . . Sgt. John Morgan, 23, is greeted by his parents, Mr. and Mrs. J. P. Morgan, Bremerton, Wash., as he brings his Korean bride on the transport U.S.N.S. Patrick. The young wife, Yung Soon Morgan, also 23, and Morgan were married last February after they met in May, 1950, at headquarters Korean military army group at Pohang.

**BROTHERS MEET IN KOREA** . . . Three brothers meet in Korea for the first time in 17 months. All three are in the army and had a reunion near the battle zone. Left to right are Sgt. Robert A. Lambert, 25; Sgt. Richard E. Lambert, 26, of a heavy tank battalion with 15 months in Korea; and Fred A. Lambert, 23, from an infantry division. All are from Ironton, Ohio. The site of their meeting was not disclosed by military authorities for security reasons.

## World's Biggest Tree

While California's Big Trees (Sequoia gigantea) have no peer as a species either in bulk or age, there is a single tree that outranks even the biggest sequoia in diameter and may surpass it in age.

The botanical colossus is the Tule cypress of Santa Maria del Fule, six miles from Oaxaca in southern Mexico. It is a Taxodium mucronatum, the same cypress as those in Chapultepec Park in Mexico City. Thousands of years old, yet still green and vigorous, the Tule tree's plump, rounded shape suggests an old oak rather than the usual slim cypress. "El Tule," as it is called, is so massive that 28 people, touching fingertips of outstretched arms, barely can encircle it.

## Bullets and Bolos

Mount Bangangan is an 8,000-foot peak guarding "No Man's Land" between the domains of the Kalangas, Tingians, Hugasos and Bontoc Igorot tribes of northern Luzon. As tribal war flared recently on its forest-covered slopes, gunfire made Mount Bangangan's Malayan name ring true. Tattooed warriors found bullets better than bolos.

A parliamentary course is being organized and the tentative date for the first class is November 28. It will be held on Wednesday evenings and will run approximately four to five weeks. Mrs. Byron Mettley, Mount Helix Council Parliamentarian, will conduct the classes. Anyone interested in attending the course may contact J. A. Setchell, H 6-0674.

Approximately 130 members were present at the November meeting of the PTA. D. L. Schmack spoke on the subject of "Drugs" before the film "The Story of a Teenage Drug Addict" was shown. There was a thirty minute question and answer period. Mr. Schmack stayed for refreshment and an informal discussion continued.

J. A. Finkelman, safety chairman, was authorized to secure arm bands and caps in school colors for a safety committee to be made up of Fifth Graders who will patrol the more dangerous corners during the busiest school hours.

## Camp Fire Girls

Pictures taken at the carnival at Lemon Grove School in the Camp Fire booth were a complete loss as the films were defective. The money paid in will be refunded by mail or at school very soon.

Program planning will be the subject for discussion at the Leader's Training Course, Tuesday, at the Barbour home, 4201 Woodlawn, La Mesa, at 9:30 a. m.

Mr. and Mrs. Harold Brunk, Sheryl and Dennis of Bakersfield, will be house guests of Mr. and Mrs. Harold McKee, 1784 Dayton, from Friday until Monday.

The new equipment, part of an overall project involving expenditures for the company of \$180,000, was celebrated at an informal ceremony in the home of Mr. and Mrs. Gaskins, the recipients. In addition to Mrs. Gaskins and her two daughters, Penny, 8, and Patty, 4, those attending included Manager Campbell, Installer Donald L. Johansson and Installation Foreman Ralph Hundter. Mrs. Gaskins placed the first call on the new telephone to her mother in Los Angeles.

At the ceremony, Campbell said: "This telephone installation marks another step forward in the company's continuing expansion program here. Despite some equipment and manpower shortages, we are doing everything possible to improve and provide more service in this fast-growing community."

#### HELIX ENDS SEASON

Helix High's Highlanders close the 1951 football season this Friday night against Kearny High at Hoover Stadium at 8:00 p. m.

Both clubs will be seeking their first triumph of the season. In other City League games, San Diego faces Hoover at Balboa Stadium, and Point Loma meets La Jolla on the Point Field. In a non-league fray, Grossmont and St. Augustine meet at Aztec Bowl. Standing:

CITY PREP LEAGUE			
San Diego	4	7	114
Hoover	4	1	111
La Jolla	4	1	89
Point Loma	4	1	78
Grossmont	2	4	45
Helix	0	5	18
Kearny	0	5	39

Last Friday's Results:  
Point Loma 39, Helix 6.  
La Jolla 33, Grossmont 0.  
San Diego 27, Kearny 0.  
Jordan 19, Hoover 6.

This Friday's Games:  
Kearny vs. Helix, Hoover Stadium, 8 p. m.  
San Diego vs. Hoover, Balboa Stadium, 8 p. m.

La Jolla vs. Point Loma, Point Field, 2:30 p. m.  
Grossmont vs. St. Augustine, Aztec Bowl, 8 p. m.

#### HIGHLANDERS' CAGE HOPES BRIGHT

The Helix Highlanders' basketball hopes are shaping up just the opposite of their football fortunes, which turned out none for the better. But in basketball, Coach Ralph Chapin's five has the cream of the crop of last year's Grossmont SCIF playoff quarter-finalist club. With such stars as Chuck Lemkuhl, Noel Mickelson, Jerry Hurst, Art Meyers and Don Berry, the Helix squad is rated an even choice with defending champion San Diego High to take the cage crown in the City prep loop.

#### GRID PREDICTIONS

Last week: 8 out of 10 right.  
This week:

**Household Hints**  
Good Source of "C"  
Fresh ripe strawberries, when served whole or immediately after being crushed, are a good source of vitamin C.

**Cabbage Combinations**  
Fresh chopped or shredded cabbage can be used in salad combinations with pineapple, apple and raisins, green peppers, celery and turnips, carrots and peanuts, and spinach.

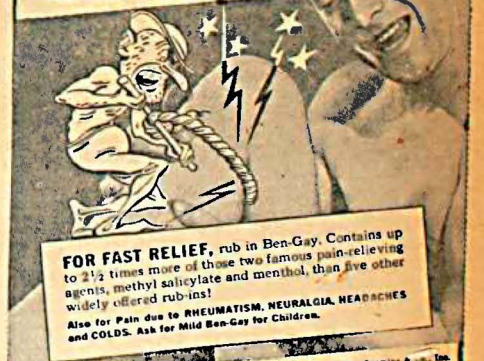

**Cooking Spinach**  
The only water needed when cooking spinach is that which clings to the leaves during the washing process.

**Strawberries**  
High-quality strawberries should be firm, bright red in color, uniform in size, and free from sand and dead leaves.

**Market Hint**  
Beware of buying fresh peppers with surface blemishes, for there may be much waste if the blemish extends through the outer wall.

**Russian Dressing**  
Chopped green peppers can be used in Russian dressing to be served on salads, or in tartar sauce for use with fish.

**Daily Quota**  
One medium-sized pepper will provide more than a person's daily vitamin-C requirement, as well as generous amounts of vitamin A.

**IF PETER PAIN KNOTS YOU UP WITH Muscle Aches**

### OBITUARY

#### GLEN W. WOOD

Memorial services and Requiem Mass were held in St. John of the Cross by Rev. Fr. McDonagh on Wednesday morning for Glen W. Wood who passed away at his home, 7562 San Miguel, on Saturday. Rosary services were conducted at Anderson - Erickson Mortuary Tuesday evening. Interment was in Holy Cross Cemetery.

Glen W. Wood was born in Kansas City, Kan., on June 23, 1897. He came to San Diego in 1919 and to Lemon Grove 5 years ago.

Survivors are his wife, Louise; a son, Glen W. Jr., of San Diego; two daughters, Mrs. Margaret Warren of San Diego, and Mrs. Mary Bradley, of La Mesa; two brothers in Los Angeles, and a stepson, Charles Evans, of San Diego.

**MRS. CHARLES GURLEY**  
Mrs. Charles Gurley, 8291 Adama, passed away Sunday night in her sleep from a heart attack.

Cecile Keith Gurley was born on April 28, 1897, in Rhineland, Wis. She came to Santa Ana in 1926 and later to San Diego where she was executive secretary of the Advertising Club of San Diego for 10 years.

Mr. and Mrs. Gurley had lived here for a year and a half. Her

only relatives are an aunt in Riverside and a cousin in Whittier.

Mrs. Gurley devoted her time to caring for her husband who is an invalid. He is left entirely alone.

Surely if there were ever a time for a community to befriend a lonely man, this is an opportunity for kindness.
